

# Linnean Centre mini-symposium for young plant scientists

26 Feb 2018

## Program

SLU BioCenter, room A402

- 9.00-9.10      **Eva Sundberg, Director of the Linnean Centre** - *Introduction*
- 9.10-9.40      **Aayushi Shukla** - *Mechanisms of tolerance in Arabidopsis to cucumber mosaic virus infection*
- 9.40-10.10     **Katalin Nemes** - *Functional analysis of Cucumber mosaic virus 2b protein*
- 10.10-10.30    Coffee break
- 10.30-11.00    **Guillaume Brun** - *Molecular mechanisms involved in plant seed germination in response to strigolactones*
- 11.00-11.30    **Rebecca Liese** - *The effect of the mycorrhizal type on root-rhizosphere interactions in AM and ECM tree species*
- 11.30-12.00    **Matouš Glanc** - *Mechanisms of polarity re-establishment after cell division*
